GENERAL NOTES

1. Final draft — layout agreed. The building is set back 1.00 m from the west, north and east boundaries; the south faces the street across our own forecourt. Detaching costs 22% of the floor — 114.8 m² against 147.3 — and removes the party wall, so one structural spine divides the plate.

2. Bedrooms are numbered 1 to 11 through the house, south to north and west before east on each floor; the ground floor's room is the guest bedroom and carries no number.

3. The west strip south of bedroom 9 is one room: no wall divides the living area from the stair standing in it. The stair is a private villa stair — 900 mm flights, 18R at 183 × 260 — needing no enclosure, no smoke vent and no lift.

4. The south cantilever is reinforced concrete: a serpentine of one full period, 1.95 m deep at both ends and drawn in to 1.35 m at the waist, which is deep enough to sit out on along the whole frontage.

5. East and north carry ordinary windows. The east neighbour is a single storey in clay brick 1.00 m away, so they clear its roof by 1.20 m at the first floor. The west is louvred only — that neighbour is 3 storeys, and blind toward us.

6. Bedroom 8 and the shared bath open off the living area; bedrooms 9 and 10 off the hall, whose dead end goes to bedroom 9. Bedroom 10 has no balcony: it takes the north wall and two windows.
