GENERAL NOTES

1. Preliminary — the exterior only. The plans, site plan and section are agreed at P14 and nothing here changes them: same five levels, same 9.50 × 13.50 m footprint, same 1.00 m setbacks, same openings. Only the skin differs between the two schemes.

2. Every opening drawn here is read from the plan it belongs to rather than redrawn, and checks.py fails the build if an elevation ever shows one the plan does not have.

3. The east and north boundaries are open and carry ordinary windows on every floor. The west is the blind elevation: louvred ventilation only, drawn at high level, and nothing projects.

4. The penthouse stands back 4.81 m from the west and 1.66 m from the north, so on those two faces it is drawn in thin line behind the roof terrace parapet.

5. The balcony appears on the street frontage only and so does not show on any of these three faces.
